

Second Wednesday Events at the Serious Games Institute

Join us at the Serious Games Institute every Second Wednesday of the month for an enlightening and entertaining series of events aimed at researchers, business people and policy makers.

The second season of Second Wednesday events follows the theme of Converging Technologies, Hybrid Spaces, and provides a mixture of groundbreaking technology dissemination sessions and business-focussed workshops tailored for a range of sectors including health, education and the environment.

Find out about new technology advances, improve competitive advantage in your business and network with other business people and academics in the sector.

"I found the Second Wednesday sessions exciting and informative, and it was extremely useful to network with like minded business people."
